**National
Astronomy
Day**

Saturday, April 16, 2005

10:00 a.m. - 11:00 p.m.

Back by popular demand! Join us at the Visitor Center along with many special guests for a star-studded, into-the-night astronomy extravaganza. Don't miss this opportunity to learn about our solar system and discoveries made through its exploration. Loads of fun, exciting surprises plus crafts, "Picture Yourself in Space" digital photographs and plenty of handouts.

Auditorium Programs

- 10:00 a.m. – Glow Craft for 11:00 a.m. Twinkle Tot Program
- 11:00 a.m. – Twinkle Tots – Toddler program with laser dancing and magic!
- 11:30 a.m. – Comet Making – Science creates a comet right before your eyes!
- 12:00 p.m. – Deep Impact Mission Status Report – Stephanie McLaughlin*
- 1:00 p.m. – Dick Goddard, Local Meteorologist (On-site 10:00 am to 2:00 p.m.)
- 2:00 p.m. – Mars Rovers and Cassini Missions Updates and Highlights
- 2:30 p.m. – Choosing the Right Telescope
- 4:30 to 8:00 p.m. – Night sky fun in the Star Lab Dome

All day solar and night telescope viewing, *weather permitting.*

* University of Maryland's Deep Impact Specialist with CSU/Lakeland Community College "Comet Watch" Science Team supporting the Deep Impact Mission.

- Advanced registration recommended but not required, call (216) 433-9653.
- All adult visitors are required to present government-issued photo identification.
- Foreign nationals (subject to restrictions) must present a visa or passport.

Join us as we reinstate FACILITY TOURS!

May 7th – Abe Silverstein Supersonic Wind Tunnel.
